Justice Dole has filed his decision on the demurrer of plaintiff to paying costs in the last cause of John F. Bowler vs. The Board of Immigration. Plaintiff's comsel held that the Government was not liable in costs when it was the losing nurty, therefore could not recover costs when it was the winning party. The Court holds that under the Hawaiian hew of 1888, authorizing suits against or by the forestnment, costs would have to sallow radgment, and concludes: "It bewas should be allowed against the Goventitled to costs when indepent is in its favor." DR. J. COLLIS BROWNE'S CHLORODYNE.

THE ORIGINAL and ONLY GENUINE. THE ORIGINAL and ONLY GENUINE.

Advice to Invalids.—If you wish to obtain quiet refreshing sleep, free from headache, relief from pain and anguish, to caim and assuage the weary achings of protracted disease, invigorate the nervous medis, and legulate the circulating systems of the body, you will provide yourself with that marvellous remedy discovered by Dr. J. Collis Browne (late Army Medical Staff), to which he gave the name of CHLORODYNE, and which is admitted by the profession to be the most wonderful and valuable remedy over discovered.

chlorodyne acts like a charm in Diarrhoa, and is the only specific in Cholera and CHLORODYNE effectually cuts short all attacks of Epilepsy, Hysteria, Palpitation, and

Meningitis, &c.

From Symes & Co., Pharmaceutical Chemists, Medical Hall, Simia, January 5, 1880. To J. T. Davenport, Esq., 31, Great Russell Street, Bloomsbury, London, Dear Sir — We embrace this opportunity of congratulating you upon the wide-spread reputation this justly esteemed medicine, Dr. J. Collis Browne's Chlorodyne, has carnen for itself, not only in Hindosian, but all over the East. As a remedy for general utility, we must question whether a bester is imported into the country, and we shall be glad to hear of its finding a pince in every Anglo-Indian home. The other branus, we are sorry to say, are now relegated to the native bazaars, and, judging from their sale, we fancy their sojourn there will be but evanescent. We could multiply instances ad infinitum of the extraordinary efficacy of Dr. Collis Browne's Chlorodyne in Diarrhez and Dysentery, Spasms Cramps, Neuralgia, the Vomiting of Pregnancy, and as a general sedative, that have occured under our personal observation during many years. In Cholerate Diarrhez, and even in the more terrible forms of Cholera itself, we have witnessed its surprisingly controlling power. We have never used any other form of this medicing than Collis Browne's from a firm Conviction that it is decidely the best, and also from a sense of duty we owe to the profession and the public, as we are of opinion that the substitution of any other than Collis Browne's is a Deliberate Berach of Faith on the Parker. We have made to profession and the public, as we are of opinion that the substitution of any other than Collis Browne's from a firm Conviction that it is decidely the best, and also from a sense of duty we owe to the profession and the public, as we are of opinion that the substitution of any other than Collis Browne's is a Deliberate Berach of Faith on the Parker. We have exceed the Parker of Great Britian. His Excellency the Viceroy's Chep lists.

CAUTION.—Vice-Chancellor Sir W. Pago Wood stated that Dr. J. Collis Browne was, andoubtedly, the Inventor of Chlorodyne; that the story of the defendant Freeman was deliberately untrue, which he regretted to say, had been sworn to.—See "The Times," July 13, 1864.
